W O R K E X P E R I E N C E

DATA QUALITY SPECIALIST | DATA ANALYST

May 2023 – May 2026

Diners Club del Ecuador (Data Governance) – Quito, Ecuador

- Built 10+ interactive Power BI dashboards and SAP BusinessObjects reports to improve visibility of data quality metrics and support business decision-making for business stakeholders.
- Implemented and monitored enterprise-wide data quality processes for critical business data, ensuring compliance with organizational data governance standards.
- Performed data profiling, monitoring, and quality assessments using Informatica Data Quality (IDQ) to identify inconsistencies and improve data reliability.
- Developed complex SQL queries in Teradata to detect data quality issues and support remediation initiatives.
- Defined, implemented, and monitored 500+ business rules to improve data consistency, integrity, and accuracy across enterprise systems.
- Developed Python automation scripts to streamline repetitive data quality and reporting tasks, reducing manual effort and improving operational efficiency.
- Designed and developed AI agents using Microsoft Copilot Studio integrated with Informatica Enterprise Data Catalog (EDC) to improve metadata accessibility and data discovery for business users.
- Collaborated with business and IT teams to investigate and resolve data quality issues, managing incidents and service requests through BMC Helix while supporting continuous improvement initiatives for enterprise data governance and quality management.

TECHNICAL SUPPORT & REPORTING ANALYST INTERN

Jan 2022 – Jul 2022

COBISCORP – Quito, Ecuador

- Monitored production environments and resolved operational incidents to ensure system availability.
- Provided technical support and resolved client issues using Redmine ticketing system.
- Developed Java applications to automate script execution.
- Executed SQL queries, database updates, and batch processes required by financial clients.
- Supported reporting activities and database maintenance.

DATA ANALYTICS & BUSINESS INTELLIGENCE INTERN

Dec 2019 – Jun 2020

Credife S.A. (Banco Pichincha Group) – Quito, Ecuador

- Extracted and analyzed business data using SQL and Microsoft Excel.
- Supported Business Intelligence reporting for the Microfinance department.
- Automated data transformation processes to improve reporting efficiency.
- Assisted in reporting development and application prototype validation for internal systems.
